USING THE INSTROS K5

- 1 Press handle
- 2 Press the button and hold
- 3 Release handle
- 4 Locks into open position for effective cleaning and sterilization

ABOUT

The most efficient and practical Kerrison punch. Designed with ease of clean in mind, the InstrOs K5 is the first of its kind producing superior cutting edge and delivering flawless action.

THE INSTROS K5 IS A LOT MORE

Whilst outperforming the K5 offers the “Intersect” open clean system providing theatre staff the relief of singular instrument presentation in the high demand operative atmosphere. The InstrOs K5 brings together innovation, design, and technology, fitted with a system like no other.

CONNECT WITH INSTROS

A surgeon becomes one with InstrOs Kerrison punches from the first precise cut. InstrOs connects.
